

CONNECT with someone who has been there before.

About MatesCONNECT

If you've recently been diagnosed with prostate cancer, our MatesCONNECT program can connect you to a trained volunteer who understands what you're going through.

All of our volunteers have been through prostate cancer.

When you call MatesCONNECT, you can ask to speak with a volunteer who knows from first-hand experience what it's like to live with prostate cancer.

You can get practical advice on surgery and treatment, and the side effects of treatment, such as incontinence, erectile dysfunction, and coping with Androgen Deprivation Therapy.

**A free,
confidential
program to
help you manage
prostate cancer.**

All you need to do is pick up the phone

To connect with one of our volunteers,
simply call 1800 22 00 99.

We'll take your details and find a volunteer
who suits your situation.

While our volunteers can't give you medical
advice, they can provide you with an
understanding of what to expect and give
you an insight into living with prostate cancer.
